Corporate Action Description

On August 6, 2026, Amphenol Corp (the "Underlying Issuer") announced a two-for-one split of the Underlying Issuer's common stock (the "Amphenol Common Stock") to be effected through an amendment to the Underlying Issuer's Restated Certificate of Incorporation. Amphenol Common Stock are the "Underlying Shares" for the Amphenol CDRs.

The Underlying Issuer has indicated that each holder of record of Amphenol Common Stock as of the close of trading on August 17, 2026 (the "Underlying Share Stock Split Record Date") will receive one additional share of Amphenol Common Stock, to be distributed after the close of trading on September 2, 2026. Trading in the Amphenol Common Stock is expected to commence on a split-adjusted basis on September 3, 2026 (the "First Split-Adjusted Trading Day").

As provided in the Deposit Agreement, the additional Underlying Shares received in respect of the stock split of the Underlying Shares held in the Custody Account for the Amphenol CDRs (the "Custody Account") shall be treated as additional Deposited Securities for the Amphenol CDRs and shall be deposited to the Custody Account, and no related dividend payment or distribution shall be made to CDR holders. To reflect this deposit, the Trade Date Ratio for the Amphenol CDRs shall be multiplied by a factor of two after the ordinary daily adjustment is made to the Trade Date Ratio for September 2, which is the Trading Day on which the additional Amphenol Common Stock are to be distributed after market close, and the CDR Ratio shall also reflect this adjustment one business day later on the CDR Ratio Adjustment Effective Date (September 3). The split-adjusted Trade Date Ratio will appear on the CDR Website after market close on the Trade Date Ratio Adjustment Effective Date (September 2).

Given that there will be no change to the number of Amphenol CDRs outstanding or to the number of CDRs held by CDR Holders as a result of the split of the Underlying Shares, no adjustments to trading of Amphenol CDRs on TSX Inc. will be required as a result of the occurrence of the stock split or the related adjustments to the Trade Date Ratio and CDR Ratio in respect of Amphenol CDRs.
